

## Federal flood insurance does.

Floods can happen anytime, anywhere.

They cause anguish and destruction—physical, emotional, and financial.

Especially when victims realize the damage isn't covered by their homeowners insurance policy.

**Federal disaster assistance?  
It's not the answer either.**

Why? Because in most cases, the only aid disaster victims may qualify for is a loan, and that must be repaid—with interest!

**Only Federal flood insurance reimburses  
you for flood damage to your property!**

With one annual premium, you can protect your most important investment—your home and your finances.
